## **BMT'S COVID RESPONSE PLAN**

On March 16th, BMT and its stakeholders framed a strategic module for combating covid-19.

1. Slow the transmission and stop disease spread through, awareness campaigns, donating disinfection pumps, handsanitizers, masks, reusable cotton gloves ,to bottomline municipal and frontline police task force

2. To prevent hunger crisis and prevent malnutrition providing food relief in form for dry ration and relief materials to stranded migrants, homeless people, orphanage and blind homes during lockdown.

3. Empower healthcare system by donating PPE kits, Nitryl gloves, 3ply masks, visor masks, N95 masks, hospital bedsheets, hand sanitizers to frontline healthcare workers and cotton masks and gloves to conservative workers in government covid treatment centres and govt medical college hospitals of various districts in hotspots.

4. Providing guidance to help people manage fear, stigma, discrimination and preventing stress during the COVID outbreak through video campaigning.

5. To create a global platform for knowledge sharing and peer exchange among healthcare professionals through online webinars and meetings.
